for kindergartens

Parents' committee for kindergartens (FUB)

National Parents' Committee
for kindergartens

What is the parents' committee for kindergartens?

It is a national and independent body that consults with the Ministry of Education in matters that concern kindergartens.

What does the Parents' Committee's?

The Committee provides advice and guidance to parents, employees and public agencies on issues concerning the cooperation between the home and kindergarten.

- The Committee's main objective is that the cooperation between the home and kindergarten shall ensure that all children in kindergarten, regardless of their social, economic and ethnic background, are offered the best possible assistance
- A good cooperation with all parents will benefit children in the form of greater confidence and increased well-being in the kindergarten
- The Committee's work shall enhance parental engagement and their influence in the kindergartens.

How can the Parent's Committee help?

- The Committee offers advice and guidance to parents with children in kindergarten
- The Committee assists parents, employees and kindergarten owners with free training and seminars
- The Committee offers free access to information films, brochures and other materials, for use by parents and employees in kindergartens
